-------------------------------------	--

Lazar Dana

From 2018 until now I have worked as a Front-end developer - HTML, CSS, Responsive design, Wordpress development. I took InfoAcademy courses in CSS, JavaScript and PHP. I'm working on several portfolio projects on React at the moment.

I want to apply my knowledge of React to the development of concrete projects.

Portofoliu: <https://danalazar.github.io/portfolio/>

Personal project: <https://hellokidtravel.ro/>

React projects: <https://class-ecomm.herokuapp.com>, <https://react-hook-comfy.netlify.app/>
